

Spiritual Condition Report 2021

Mount Airy Friends Meeting is a loving, harmonious membership with a positive energy. We seek to know and follow the will of God in an atmosphere of respect.

Our minister, Jon Cawley, delivers well thought out sermons based on scripture which connect our times with Biblical times. This helps us to understand the reasons for differences of present day thought and the culture of those times - but still keeping the common sense and loving teachings of Jesus.

There is a continued emphasis on the principles and heritage of the Society of Friends, their lack of creeds and their embracing of differences in people – the inclusiveness of Friends.

Although our numbers are small our entire membership continues in faith and in unity one with another.

We believe that this spiritual report speaks to the Condition of our Meeting. We seek God's Spirit to work in and through us to grow into a stronger congregation.
